

**Join us for the
Climate Positive Europe Alliance, AISBL
EU Green Week 2021 virtual Workshop:**

**Changing habits and mindsets -
Moving from linear towards circular construction and
real estate**

Monday 31 May 2021 from 3.30 to 5.00 pm

This interactive workshop will explore what it takes to achieve zero pollution in the construction and real estate sector by mainstreaming and firmly embedding circularity principles in organisational strategies and daily professional practices. The event will facilitate cross-sectoral knowledge and expertise transfer by showcasing replicable real life examples from across Europe and will test the feasibility of wider market uptake through different stakeholder perspectives.

Core questions covered

How to practically achieve zero pollution by mainstreaming circularity?
What are the technical, market and legal/regulatory barriers to achieving zero pollution - and how to overcome them?

Workshop Agenda

Welcome and setting the scene	Ursula Hartenberger, CPEA
Interactive session	Raphael Montigel, CPEA
Making zero pollution work in circularity practices: examples from across Europe	Ursula Schneider, POS architekten Anne-Mette Manelius, Vandkunsten Architects Bernadette Soust-Verdaguer, University of Sevilla
Interactive session	Raphael Montigel
Making zero pollution and circularity work in practice: examples from across Europe	Ursula Schneider, POS architekten Anne-Mette Manelius, Vandkunsten Architects Bernadette Soust-Verdaguer, University of Sevilla
Panel discussion: take-aways for industry and policy-making followed by Q&A	Moderated by Ursula Hartenberger, CPEA Pablo van den Bosch, Madaster Christine Lemaitre, DGNB Ursula Schneider, POS architekten Anne-Mette Manelius, Vandkunsten Architects Bernadette Soust-Verdaguer, University of Sevilla
